

**We can
make
a difference
with your
help!**

Please help us plant trees!

Saturday, March 29, 2014 10:00 a.m.-1 p.m.

Why? The trees will enhance the wildlife habitat along Elk Branch and help to filter pollutants and make the streambank more stable. By helping us plant trees and doing your part, you will help to ensure more clean water for future generations, and make better homes and food for animals.

Location: 111 Melvin Road near Duffields train station, Jefferson County, WV. First driveway on the left after turning on Melvin.

Directions to the Hunter farm:

From Charles Town...

- Take Flowing Springs Road from Route 9 and go north towards Duffields. After @ 4.2 miles turn right onto Melvin Rd.

From Shepherdstown...

- Take Rt 230 south for two miles and keep right onto Flowing Springs Road.
- Travel @2.9 miles to a left on Melvin.

From Martinsburg...

- Route 9 east to Wiltshire exit. (Bardane)
- Get on old Route nine and continue east to a left on Shenandoah Junction Rd. Go to Jefferson HS and turn left on Flowing Springs Rd.
- Then right on Melvin.
